

QUALITY POLICY

The Direction of PRIMICIAS TÉCNICAS CARDI, S.L, (LOSDI) a company dedicated to the design, manufacture and marketing of industrial hygiene products, through this document aims to establish the main guidelines of the company in order to comply with the ISO 9001: 2015 Quality Management System acquiring the following commitments:

- Ensure a continuous improvement of the service provided, always satisfying both the requirements requested by customers as well as the regulatory and / or legal requirements that are applicable.
- Provide a frame of reference for establishing and reviewing quality objectives.
- That our customers perceive and appreciate our continuous improvement
- Achieve a high degree of loyalty of our customers.

LOSDI committed to social responsibility and sustainability, establishes its own strategy to implement actions to implement the achievement of the Sustainable Development Goals (SDGs) within the framework of the 2030 agenda, joining this global movement with its adherence to the UN Global Pact. To this end, we commit to the following SDGs:

- SDG 3; We contribute to protecting the physical and mental health of the people who work in our organization through a continuous training program.
- SDG 9: Introducing innovation as part of our business culture, transforming our products and production processes with sustainable criteria.
- SDG 12: Contributing to the reduction of consumption and sustainable production with savings of raw materials and control of suppliers.
- SDG 13: Contribution to the reduction of climate change with the Carbon Footprint Register.

In addition, LOSDI has a code of ethics and social responsibility actions where it establishes alliances with all its parties and social agents involved.

And in accordance with this Quality and Social Responsibility Policy, our mission, vision and values are:

Provide quality products and differentiated design that guarantee the hygiene and comfort of users in public spaces, taking into account sustainability commitments

We work to be at the forefront of design and innovation by offering a quality product and an elegant design, while at the same time as an effective and sustainable service.

We work to be at the forefront of design and innovation by offering a quality product and an elegant design, while at the same time as an effective and sustainable service.

And so it is recorded in Alcoy, on November 30, 2021, approves this policy the Manager of the company

Carlos Sempere Flores
